Materials: Count by Fives gameboard and cards

1. Work with a partner. Shuffle the cards and deal them face down into two equal piles.
2. Partner A takes the top card from his/her deck and places it where a correct sequence can be made on the game board.
3. Partner B takes the top card from his/her deck and also attempts to make a sequence on the game board.
4. Keep taking turns until one player completes a row.
